

# Groundbreaking Updates for You

April 2025

## Coming soon to Aylesbury Street

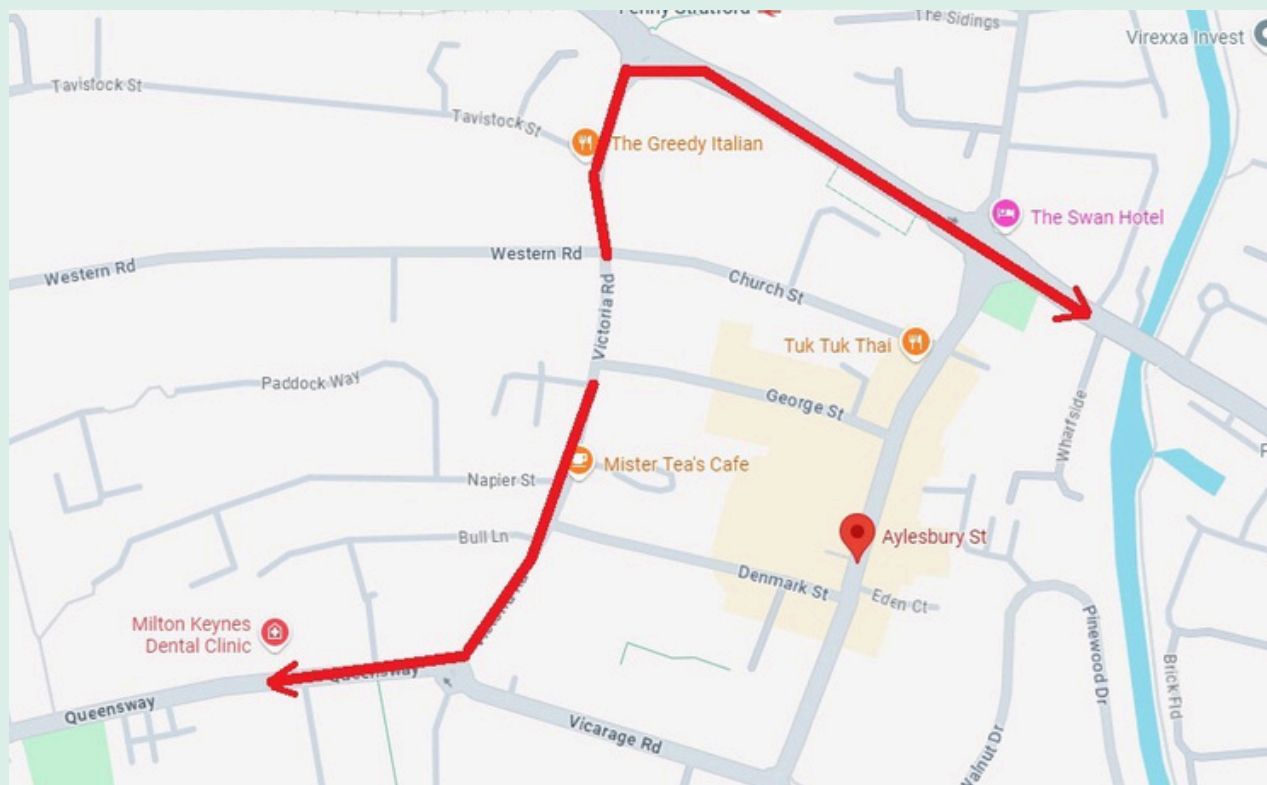

It's going to be a June start for the public realm improvements on Aylesbury Street.

The works include new planting, street, furniture, signage, and safety improvements to road crossings at: Denmark Street, Eden Crescent, George Street and Church Street. There will also be upgrades made to the two crossings on Aylesbury Street.

Our public realm project will take approximately six to eight weeks to complete. We'll let you know the exact dates when the work will start. Meanwhile the map below shows the planned diversion route for buses that would normally use Aylesbury Street.

You can keep up to date with all bus, rail and taxi diversions via the Milton Keynes City Council website. Click [here](#) to go directly to the page.

## Blooming planters

The city council's landscaping team will be busy in the next few weeks filling the Queensway planters with seasonal flowers courtesy of two ward councillors using their ward budgets to fund the planting.

Bletchley and Fenny Stratford Town Council will be watering and maintaining the plants until the planters are replaced with a more permanent solution as part of the public realm improvement works on Queensway.

# Come and bug the Town Deal team

The Town Deal team is joining Milton Keynes Arts Centre at its, 'We Live Here', project on Saturday 24 May at Leon Rec.

The free event is part of a series of art and nature-based events, inviting you and your families to explore your surroundings, identify local species, and see what lives where you do!

The Arts Centre team has a day full of fun bug-themed activities. You can meet a real entomologist (a bug expert), build your own bug hotel, take part in nature surveys, follow a mini beast trail, plant a seed to take home, and get creative with a variety of fun art activities.

The Town Deal team will be there to chat about the upcoming works for Aylesbury Street, Queensway and Saxon Street. We'll have plans and visuals so you can see what your town centre will look like - including all the local bugs! Click [here](#) for more information and to book your free place.
